INTRODUCTION

This amended and restated dividend reinvestment plan (the “**Plan**”) is effective as of November 20, 2013 and replaces in its entirety the dividend reinvestment plan (the “**Original Dividend Reinvestment Plan**”) established by Timbercreek Senior Mortgage Investment Corporation (the “**Corporation**”) on May 19, 2010.

The Plan provides eligible beneficial and registered holders of common shares (“**Common Shares**”) of the Corporation with a means to reinvest dividends declared and payable on such Common Shares in additional Common Shares. For the purpose of the Plan, “**Common Shares**” includes any Class A shares of the Corporation prior to their conversion into Common Shares on November 30, 2013 (or such other date as the Corporation may determine) pursuant to the amendment to the articles of the Corporation that came into effect on September 13, 2013.

Certain capitalized terms used herein have the meanings set forth in the Plan.

The following section answers frequently asked questions regarding the Plan but does not describe all of the provisions of the Plan. A copy of the Plan in its entirety is included beginning on page 6. In case of any differences between the information given in the Frequently Asked Questions part of this Offering Circular and the Plan, the provisions of the Plan will govern.

The final section of this document includes a summary of Canadian income tax consequences relating to participation in the Plan. This tax information is of a general nature only and you should consult your own tax advisor with respect to your own particular circumstances.

NOTICE TO NON-REGISTERED BENEFICIAL HOLDERS OF COMMON SHARES

Non-registered beneficial holders of the Corporation's Common Shares (i.e. shareholders who hold their Common Shares through an intermediary such as a financial institution, broker or other nominee) should consult with that intermediary to determine the procedures for participation in the Plan. The administrative practices of such intermediaries may vary and accordingly the various dates by which actions must be taken and documentary requirements set out in the Plan may not be the same as those required by intermediaries. There may be a fee charged by some intermediaries to non-registered beneficial shareholders in respect of matters related to the Plan, which will not be covered by the Corporation or the Plan Agent.

FREQUENTLY ASKED QUESTIONS

The following sets out summary answers to some basic questions you may have in relation to the Amended and Restated Dividend Reinvestment Plan (the “**Plan**”). All capitalized terms, unless otherwise defined herein, have the meaning set forth in the Plan. These summary answers are qualified in their entirety by the more detailed information set out in the Plan.

1. Why is the Corporation amending and restating the original Dividend Reinvestment Plan?

The original Dividend Reinvestment Plan was available to eligible holders of Class A Shares. Pursuant to the amendment of certain share rights of the Class A Shares, Class B Shares, Class I Shares and Class J Shares in the articles of incorporation of the Corporation that came into effect on September 13, 2013, all of the Class A Shares, Class B Shares, Class I Shares and Class J Shares will be converted into Common Shares of the Corporation on November 30, 2013 (or such other date as the Corporation may determine) (the “**Exchange Date**”).

Consequently, the Corporation is amending and restating the original Dividend Reinvestment Plan and replacing it in its entirety with the Plan which will be available to eligible holders of Common Shares.

2. What is Timbercreek Senior Mortgage Investment Corporation’s Amended and Restated Dividend Reinvestment Plan?

The Plan provides eligible Shareholders a convenient means to purchase additional Common Shares by reinvesting their cash dividends. Common Shares acquired under the Plan will be automatically enrolled in the Plan.

Shareholders who do not enroll their Common Shares in the Plan will continue to receive dividends in the usual manner.

3. Can I enroll only some of my Common Shares in the Plan?

Shareholders may elect to enroll either 50% or 100% of their Common Shares for dividend reinvestment under the Plan.

4. What are some advantages of participating in the Plan?

The Plan offers Shareholders a cost-effective means to purchase additional Common Shares through the reinvestment of dividends on a regular basis and in a convenient manner.

Participants in the Plan will dollar cost-average their Common Share purchases by reinvesting dividends under the Plan on a regular monthly basis. There will be a discount of 5% from the Average Market Price (as defined below) if the Corporation issues Common Shares from the treasury of the Corporation in connection with the reinvestment of dividends. The discount will not apply to Common Shares purchased on the open market under the Plan.

No administration fees are charged to participants by the Corporation or the Plan Agent for their participation in the Plan. The Corporation will pay for any brokerage commissions on purchases of shares under the Plan.

5. Who is eligible to participate in the Plan?

Participation in the Plan is restricted to holders of Common Shares who are residents of Canada for the purposes of the Tax Act (as defined below).

6. How do I enroll in the Plan?

If you are a beneficial holder, to participate in the Plan, you should contact the intermediary through which you hold your Common Shares (the “CDS Participant”). If you are a registered holder, you should contact the Plan Agent directly.

Once you have enrolled in the Plan, participation continues automatically until you terminate it, or until the Plan is terminated.

7. If I was enrolled in the original Dividend Reinvestment Plan, do I have to enroll again in the Plan?

If you are a holder of Class A Shares that was a plan participant in the original Dividend Reinvestment Plan as of the close of business on November 19, 2013, you are, without further action required by you, deemed to be a Plan Participant under the Plan.

8. How will Common Shares be purchased for participants under the Plan?

Cash dividends payable on Common Shares enrolled in the Plan will be aggregated and then used by the Plan Agent, to arrange for the purchase of Common Shares, either on the open market through a registered broker-dealer on the Toronto Stock Exchange (the “TSX”), or through a treasury issue by the Corporation at the discretion of the Manager. These new Common Shares issued pursuant to the Plan will be automatically enrolled in the Plan.

If the Manager elects for the purchase of Common Shares on the open market, and in the event that the Common Shares available in the market on the Dividend Payment Date is insufficient, the Plan Agent will purchase the remaining shares from Treasury.

9. When will Common Shares be purchased for participants?

All Common Shares will be purchased on the Dividend Payment Date (which is a date no later than the 15th day of the month or the immediately preceding Business Day in the event that the 15th day is not a Business Day) following a Dividend Record Date on which a Dividend has been declared.

10. What will be the price of the Common Shares purchased under the Plan?

If Common Shares are issued from treasury, the price will be 95% of the average of the daily volume weighted average trading prices of the Common Shares on the TSX for the five trading days in the Trading Period on which at least a board lot of Common Shares is traded.

If purchases of Common Shares under the Plan will be made on the open market, such additional Common Shares can be acquired at prevailing market rates.

The Corporation will announce by way of press release in dividend announcements whether purchases of Common Shares under the Plan will be made on the open market or from treasury.

11. What kind of statements will I receive if I participate in the Plan?

If you are a beneficial holder, you will receive information regarding reinvestment of dividends from your intermediary in accordance with your intermediary's administrative practices.

If you are a registered holder, the Plan Agent will provide you with a statement following each investment date.

12. How do I terminate my participation in the Plan?

If you are a beneficial holder and you wish to terminate your participation in the Plan, you should contact the intermediary through which you hold your Plan Shares sufficiently in advance of a particular Dividend Record Date. Each intermediary will have specific procedures on how to terminate participation in the Plan.

If you are a registered holder, you may terminate your participation in the Plan by contacting the Plan Agent at least five business days prior to a Dividend Record Date.

13. Can I withdraw some or all of my Common Shares from the Plan?

If you are a registered holder, you may withdraw some or all of your Plan Shares by contacting the Plan Agent at least five business days prior to a Dividend Record Date. You will receive a certificate for the number of whole Plan Shares withdrawn from your account typically within three weeks after the Plan Agent has given effect to the withdrawal.

14. How do I sell Common Shares from the Plan?

You should contact a broker if you wish to sell your Plan Shares.

15. What is the cost of participation in the Plan

The Corporation will be responsible for all administrative costs of the Plan, including any commissions and brokerage charges on share purchases or the fees or other expenses incurred by the Plan Agent in carrying out its duties.

There are no charges payable by a Plan Participant upon termination of participation in the Plan. However, any expenses associated with the preparation and delivery of a termination notice will be for the account of the Plan Participant exercising its right to terminate participation in the Plan.

16. What are the tax consequences of participating in the Plan?

Generally, you will be taxed on dividends that are reinvested in Common Shares under the Plan in the same manner as you would have if you had received the dividends in cash. For a summary of the general Canadian income tax implications of participating in the Plan please refer to “Canadian Tax Considerations” at the end of this Offering Circular. The summary is of a general nature only and shareholders should consult their own advisors for advice in respect of tax consequences relating to the Plan.

With respect to Plan Participants that are Registered Shareholders, Plan Shares purchased from treasury or the market will be held by the Plan Agent for the account of such Plan Participants and will be registered in the name of the Plan Agent or its nominee or in accounts designated by the Plan Agent for the account of such Plan Participants. A share certificate for such Plan Shares will only be issued to such Plan Participants if the Plan or such Plan Participant’s participation therein is terminated in accordance with the terms and conditions herein or if such Plan Participant withdraws Plan Shares from its account in accordance with the terms and conditions herein.

Plan Shares held by the Plan Agent for a Plan Participant may not be pledged, sold or otherwise disposed of by the Plan Participant while so held.

G. Purchase of Plan Shares by Plan Agent

Purchase Decision: Dividends due to the Plan Participants will be applied, on behalf of Plan Participants, to purchase Plan Shares. Such purchases will be made directly from the Corporation or on the open market. Not less than two Business Days prior to the Dividend Payment Date, the Manager will notify the Plan Agent in writing with respect to whether the Plan Agent must purchase Plan Shares in respect of that Dividend Payment Date from the treasury of the Corporation or on the open market.

Purchase from Treasury: If the Manager elects for the purchase by the Plan Agent of Plan Shares from treasury, the Plan Shares will be purchased by the Plan Agent from the treasury of the Corporation on such applicable Dividend Payment Date, and the Corporation will issue to the Plan Agent that number of new whole Plan Shares from the treasury of the Corporation equal to the amount of the dividend reinvested by the Plan Participant at a price of 95% of the Average Market Price (the “**Discounted Average Market Price**”). The Corporation will advise the Plan Agent of the Average Market Price and the Discounted Average Market Price for Shares 2 business days prior to that Dividend Payment Date.

Market Purchase: If the Manager elects for the purchase by the Plan Agent of Plan Shares on the open market, the Plan Shares will be purchased by the Plan Agent on the open market. The Plan Agent shall purchase Plan Shares on each applicable Dividend Payment Date at prevailing market rates and the purchase price of such Plan Shares will be deemed to be the volume weighted average of the price of such Plan Shares purchased by the Plan Agent on behalf of all Plan Participants (the “**Market Purchase Price**”). In the event that the Common Shares available in the market on the Dividend Payment Date is insufficient, the Plan Agent will purchase the remaining Common Shares from treasury at the Average Market Price. With respect to the Common Shares purchased on both the open market and from

treasury in accordance with the foregoing, the purchase price of such Common Shares will be deemed to be the volume weighted average of the Market Purchase Price and the Average Market Price.

H. Fractional Shares

Full reinvestment is possible under the Plan as the Plan Agent will credit to the account of each Plan Participant, on each reinvestment made under the Plan, fractional Plan Shares, calculated to three decimal places, for any amount that cannot be reinvested in whole Plan Shares. The crediting of fractional Plan Shares in favour of Non-Registered Shareholders who participate in the Plan through a CDS Participant will depend on the policies of that CDS Participant.

In the event of a termination by a Plan Participant that is a Registered Shareholder of its participation in the Plan, or termination of the Plan, a Plan Participant will be entitled to receive a cheque in payment of the value of any fractional Plan Shares remaining in the Plan Participant's account. Upon such payment being sent to the Plan Participant, the Plan Participant's fractional Plan Shares will be deemed to be cancelled. Any such payment will be made, pursuant to the Plan, in Canadian currency.

I. Insufficient Funds

The Plan Agent shall not be obligated to purchase any Plan Shares in the event that it has insufficient funds in order to carry out its duties.

J. Voting of Plan Shares

Plan Shares may be voted in the same manner as the Plan Participants' other Shares may be voted.

K. Statement of Account

A Plan Participant that is a Non-Registered Shareholder will receive, from his, her or its CDS Participant for tax reporting purposes, confirmations of the number of Plan Shares issued to such Plan Participant under the Plan in accordance with the CDS Participant's usual practice.

A Plan Participant that is a Registered Shareholder will receive from the Plan Agent, for tax reporting purposes, a statement confirming the number of Plan Shares issued to such Plan Participant as soon as possible following each Dividend Payment Date.

Regardless of whether it receives detailed statements or reports concerning transactions made on its behalf under the Plan, each Plan Participant is responsible for calculating and monitoring its own adjusted cost base in Shares for Canadian federal income tax purposes.

L. Commissions and Administrative Costs

All administrative costs of the Plan, including any commissions and brokerage charges associated with Plan Shares purchased in the market and the fees and other expenses incurred by the Plan Agent in carrying out its duties as Plan Agent, will be borne by the Corporation.

The Plan will terminate automatically upon the dissolution or winding-up of the Corporation.

The Manager may, in consultation with the Plan Agent, adopt additional rules and regulations to facilitate the administration of the Plan, subject to the approval of the TSX (if required by the TSX rules).

The Manager may, in its sole discretion, and upon at least 90 days' written notice to the Plan Agent, remove the Plan Agent and appoint a new Plan Agent. Similarly, the Plan Agent may resign as agent under the Plan upon at least 90 days' written notice to the Manager and upon delivery to the Manager of all documents and monies being held by the Plan Agent on the Corporation's behalf pursuant to the Agency Agreement.

CANADIAN INCOME TAX CONSEQUENCES

The following is a summary of the principal Canadian federal income tax considerations generally applicable to a Plan Participant who, at all relevant times and for purposes of the Tax Act, is a resident of Canada, holds its Common Shares as capital property, and deals at arm's length with the Corporation.

This summary is based on the current provisions of the Tax Act, the regulations made under the Tax Act (the "Regulations") and all specific proposals to amend the Tax Act and the Regulations publicly announced by or on behalf of the Minister of Finance (Canada) prior to October 10, 2013 and the current published administrative policies and assessing practices of the Canada Revenue Agency published in writing by it prior to October 10, 2013. This summary does not take into account or anticipate any other changes in law and does not take into account Canadian provincial or territorial income tax laws or laws of any country other than Canada.

This summary assumes that, a Plan Participant is not a "specified financial institution" or a "financial institution" for purposes of "mark-to-market" rules in the Tax Act, and has not elected to determine its Canadian tax results in a "functional currency" other than Canadian dollars for purposes of the Tax Act.

Plan Participants generally will be subject to tax under the Tax Act on all dividends which are reinvested in Common Shares in the same manner as they would have been if they had received the dividends in cash. Generally, a Shareholder is required to include in its income, as interest payable on a bond issued by the Corporation, any amount received by the Shareholder from the Corporation as or on account of a taxable dividend (other than capital gains dividends). The gross-up and dividend tax credit rules applicable to taxable dividends received by individuals from a taxable Canadian corporation will not apply to dividends paid by the Corporation.

Based on the Canada Revenue Agency's administrative policy, the purchase by a Plan Participant of Common Shares pursuant to the Plan at a discount that is not greater than 5% from the Average Market Price generally will not result in such Plan Participant being required to include an amount on account of such discount in computing its income for purposes of the Tax Act.

The cost to a Plan Participant of Common Shares acquired under the Plan will be the amount paid for such shares by the Plan Agent. For purposes of computing the adjusted cost base of a Plan Participant's Common Shares, the cost of the acquired Common Shares will be averaged with the adjusted cost base of all other Common Shares held by the Plan Participant. A Plan Participant may realize a capital gain (or loss) on the disposition of Plan Shares.
